

THINK ABOUT IT!

Using strong winds, God directed the Mayflower to a different place than they had planned. Before leaving the boat, the Pilgrims wrote new rules to guide the people in their new colony. If you were a Pilgrim, what would you have written. Create a colony with a name and charter. Write a list of "rules" for the colonist to live by on the scroll.

Design your colony. Draw a map on the scroll of how you would have built a colony.

Use your crayons to give Tweety-Pie her colors.
